

REMINDER

The Autoridad para la Reconstrucción con Cambios and the Ministry of Foreign Affairs of Peru would like to invite you to a presentation of the upcoming procurement of a national Early Warning System in Peru. The procurement is through the framework of the G2G Agreement between **Peru and the United Kingdom**. The project focuses on reconstructing and improving EWS infrastructure in the coastal regions of Peru.

EWS: The **Early Warning Systems** will provide monitoring, warning and communication of flooding and ground movement risks to allow communities to respond and emergency systems to be put into action

Date and time: Monday, March 29 | 9:00 a. m. (PET)

**Live transmission via Zoom
in English and Spanish**
